A course designed to make a Police Officer CONFIDENT and PROFICIENT in their everyday duties while opening their eyes to Criminal and Narcotic Interdiction. Teaching a police officer to detect a crime before, during, and after the commission of a criminal offense. The training is more than "Drug Interdiction." Regarded as "The Field Training Everyone Should Have Had." Giving police officers the "know how" to do their job confidently and legally. We have had amazing results in helping our Police Officers with everything from catching murderers to saving lives and everything in between. Several agencies have mandated this training for all police officers under their command. We firmly believe this may be the most crucial, informative, and comprehensive course for all Police Officers. Often regarded as one of the best courses available many return a second and third time to re-attend this program. We guarantee you're going to love this training.

Students learn better patrol tactics, identifying criminal behaviors and reactions to police presence, case Law that all cops need to know, search and seizure, drug trends, the laws that we don't use in Motor Vehicle Law, consent searches, and HOW TO NEVER LOSE WHEN SOMEBODY IS LYING ABOUT WHO THEY ARE! We will show you legal and effective methods for conducting Re-Active and Pro-Active patrol functions. Training our officers with knowledge they should know will prevent embarrassment and lawsuits from misinterpretations of the law. THIS COURSE BENEFITS ALL DIVISIONS OF A POLICE DEPT. TO INCLUDE PATROL, SPECIAL ASSIGNMENT, AND SUPERVISORY POSITIONS.
